

EVERYTHING I COULD WANT

Words and Music by
Ben Tan, Michael Fatkin
& Melodie Wagner-Mäkinen

VERSE 1:

**I've seen the world a couple of times by now
We're all the same
People wishing what they've got away
We need a change
Are we looking in the wrong place
Finding meaning in the wrong names
If I'm being honest with myself**

PRE-CHORUS:

**All the fame
And all of the faces
All the fake congratulations
Buying stuff to fill the spaces
Is it ever enough
When it never could be
To gain all the world
But never be free
So we sing**

**What's the use comparing
Worrying and stressing
Keeping up with everyone
When tryna be somebody
Perfect love reminds me
That I've got everything I could want**
