

SURE THING

Words and Music by
Benjamin Hastings & Joel Houston

VERSE 1:

**Lead me to the Rock
'Cause I need something higher
Higher than the world could understand
Foolish as the cross
Humble as the price You paid
The wisdom of a kingdom made to last**

CHORUS 1:

**'Cause I don't wanna build this life
On Babylons of bricks and pride
Sitting on a fault line bound to quake
I'd rather be a bedrock fool
Who trusts in nothing less than You
When every other sure thing surely fails**

VERSE 2:

**Lead me to the Rock
Lift me from this sinking sand
I'm sorry for the junk I took for grace
Don't let it take a fall
To bring me to my knees again
But if it's what I need
I'll take my place**

CHORUS 2:

**'Cause I don't wanna build this house
With rubble from the same old ground
Sitting on a fault line bound to quake
I'm banking on a Roman frame
The bedrock of an empty grave
When every other sure thing surely fails**

BRIDGE:

**Lord through it all
Through the wind and the storm
On this Rock I'll stand**

**Empires may fold
Pillars fail people fall
But Your Word still stands**

**Age after age
Till the earth fades away
Still Your kingdom stands**

**Name above names
Jesus I need Your grace
'Cause the world's gone mad**
